DIRECTIONS TO THE CLINIC FROM THE WEST ON THE A30

Taking the A30 Yeovil/Crewkerne road make your way through the village of West Coker and into the outskirts of Yeovil.

Look out for the White Post Garage with SPAR shop on the left hand side, closely followed by the Yeovil Court Hotel on the right hand side.

Continue through residential area to roundabout. Take the right hand fork off the roundabout (or second exit off roundabout), heading into Yeovil.

Continue east on the A 30 including straight on at traffic lights, to next roundabout, where the Quicksilver Mail Pub is on the left hand side.

Once again take the second exit off the roundabout and you are now on the A37 Dorchester road.

Continue, including straight on at next roundabout, for five miles.

At about 4.5 miles look out for the Dorset county boundary sign on the left hand verge. The road then climbs and when it levels off there is a large green road sign with a direction to Holt Mill to the right.

Take this right turn off the A37. There is a small garden centre on the corner named The Potting Shed.

This is a country lane - drive about 300 yards and on the left is a car park and cluster of small buildings. You will find The Melbury Clinic well marked in the old barn
