DIRECTIONS TO THE MELBURY CLINIC - ROUTE THROUGH YEOVIL

Whichever your approach to Yeovil, make your way to the roundabout overlooked by Yeovil Hospital.

With Yeovil District Hospital on your left hand take the exit onto Queensway with pedestrian bridge above - this is dual carriageway and Tesco Supermarket is on your left.

At the next roundabout , with Police Station on your right hand side, take the second exit, A30 marked for Crewkerne. Climb hill and at next roundabout (Quicksilver Mail pub is on the right) take the first exit.

You are now on the A37 Dorchester road. Continue, including straight on at next roundabout, for about five miles.

At about 4.5 miles look out for the Dorset county boundary sign on the left hand verge. The road then climbs and when it levels off there is a large green road sign with a direction to **Holt Mill** to the right.

Take this right turn off the A37. There is a small garden centre on the corner named **The Potting Shed.**

This is a country lane - drive about 300 yards and on the left is a car park and cluster of small buildings. You will find The Melbury Clinic well marked in the old barn

Best wishes
